HCL Enterprise

Project Intern

July 2024 - October 2024 (4 months)

Completed a Mini-Project titled Voice to Text Conversion Tool with Sentiment analysis at HCL, as part of an MoU initiative with Sathyabama Institute of Science and Technology. This tool converts spoken language into text with 90% accuracy and includes sentiment detection using emojis and color analysis. It also supports audio uploads for seamless audio-to-text conversion, completed over four months (July to October 2024).
